Abstract

Executive Summary

1	Project Purpose and Need	
1.1	Purpose and Need Statement	1-1
1.2	Additional Project Goals and Objectives	1-13
1.3	Project Background	1-16
2	Agency, Stakeholder and Public Outreach	
2.1	Technical Advisory Committee	2-1
2.2	Municipal Officials and Jersey City Agencies	2-4
2.3	Stakeholders	2-4
2.4	Public Information Centers	2-9
2.5	NJDOT Core Group	2-10
2.6	Project Web Site	2-12
2.7	Environmental Justice Communities	2-14
3	Existing Conditions	
3.1	Traffic Count Program	3-1
3.2	Assembly of Existing Traffic Data	3-3
3.3	Aerial Vehicle Origin / Destination (O-D) Survey	3-10
3.4	Base Mapping / Survey	3-12
4	Existing Constraints, Resources and Design Considerations	
4.1	Environmental Constraints	4-1
4.2	Sub-Surface Utilities	4-18
4.3	Geotechnical Screening	4-22
4.4	Cultural and Historic Resources	4-28
5	Model Development and Forecasting: 2020, 2035 and 2050	
5.1	Regional Travel Demand Modeling	5-1
5.2	Future Roadway Networks and Travel Demand Forecasting	5-4
5.3	Traffic Microsimulation Model Development	5-38

6	Development of Concept Alternatives	
6.1	Transportation Vision and Goals	6-1
6.2	Transportation Objectives by Mode for Creation of a Multi-Modal Corridor	6-2
6.3	Local Cross-Street Network	6-5
6.4	HBLR Extension and BRT Service	6-9
6.5	Diversion of Through Trucks	6-12
6.6	Through Truck Diversion Alternatives	6-19
6.7	Corridor Alternatives	6-38
6.8	Gateway Intersection Alternatives	6-52
6.9	Evaluation of Alternatives	6-58
7	Alternatives Assessment	
7.1	Alternative Evaluation Methodology	7-1
7.2	Through Truck Diversion Concept Alternatives	7-7
7.3	Corridor Concept Alternatives	7-31
7.4	Gateway Intersection Concepts	7-58
8	Locally Preferred Alternative	
8.1	Recommendation of Heavy Through Truck Diversion Preferred Alternatives	8-2
8.2	Recommendation of Corridor Preferred Alternative	8-5
8.3	HBLR Grade Separated Crossing Design Considerations	8-48
8.4	Summary and Conclusions	8-53
9	Corridor Traffic Operations And Phased Boulevard Implementation	
9.1	Corridor Traffic Operations – 2050	9-2
9.2	Near-Term Needs – Year 2020	9-8
9.3	Mid-Term Needs – Year 2035	9-22
9.4	Summary Of Analysis Findings	9-27
10	Urban Design Guidelines	
10.1	The Boulevard Vision	10-1
11	Economic Feasibility	
11.1	Economic Impact Modeling – 2020, 2035, 2050	11-1
11.2	Construction Cost Estimate	11-15
11.3	Annual Operations and Maintenance Cost Estimate	11-27
11.4	Potential Funding Sources and Constraints	11-29

11.5	Routes 440 /1&9T Boulevard and Complete Street Capital Funding Plan	11-45
11.6	Conclusions	11-47
12	Preliminary NEPA Process Integration	
12.1	Overview of the NEPA Process	12-1
12.2	Preliminary Environmental Analyses Constraints	12-3
12.3	Environmental Justice	12-8
12.4	Noise Assessment	12-9
12.5	Air Quality	12-20
12.6	Preliminary Definition of NEPA Project Categorization	12-22
13	Conclusions, Recommendations and Next Steps	
13.1	Conclusions and Recommendations	13-1
13.2	Next Steps – Jersey City Actions	13-4
Appendix 1.1	NJDOT Management System Data	
Appendix 2.1	Stakeholder Working Group	
Appendix 2.2	Public Information Center Mailing List	
Appendix 3.1	Traffic Count Data	
Appendix 3.2	Traffic Data from NJCU Study	
Appendix 3.3	Traffic Data from BLRA Study	
Appendix 3.4	Traffic Data from Bayfront Study	
Appendix 3.5	Traffic Data Provided by PANYNJ	
Appendix 3.6	Traffic Origin-Destination Survey	
Appendix 3.7	Existing Right-of-Way Map	
Appendix 4.1	Environmental Constraints Mapping, CEA Site Listing, HazMat Site Listing	
Appendix 4.2	Major Subsurface Utility Lines	
Appendix 4.3	Soil Boring Logs	
Appendix 4.4	Cultural and Historic Resources – Map and Listing	
Appendix 5.1	NJTPA TIP 2011-2015 and NJDOT 2011 Capital Program Projects in the Network Model	
Appendix 6.1	Title 23 of the Code of Federal Regulations Part 658 (23 CFR 658)	
Appendix 6.2	NJAC 16:32 – NJ Truck Access Routes for 102-inch wide Trucks	

- Appendix 8.1** LPA Plan – 11x17 Plan Set
Appendix 8.2 LPA – Plan View and Profile – Scroll
Appendix 8.3 Corridor Green Gateways
- Appendix 9.1** 2020 Interim Plan – 11x17 Plan Set
Appendix 8.2 2020 Interim Plan – Scroll
- Appendix 10.1** Urban Design Principles and Guidelines
- Appendix 11.1** Economic Impact Modeling Methodology
Appendix 11.2 Job Generation
